

Oxford Furniture

For people who love their furniture Solid

If you enjoy quality craftsmanship in your furniture then you will appreciate our work. We use solid red oak, solid black cherry and solid maple in the construction of our furniture. There are no veneers or particle boards used at all. We do all of our own manufacturing from the rough lumber stage all the way through to the set-up and delivery of our pieces to your home or place of business. Our pieces last for generations.

Our staff consists of Cabinetmakers, Finishers and General Woodworkers. They take pride in their work and it is evident in our furniture.

Last year we celebrated thirty years of manufacturing solid wood furniture and are pleased to be able to continue to make furniture and offer new pieces to add to your collection. As always, our pieces are open stock and there is no pressure to purchase complete sets of furniture for a room. Options for our customers are numerous since each and every piece is made to order.

We are located a short drive from the nation's capital and since we do not have the overhead of many retail locations, we pass on the savings to our customers on a regular basis. Our showroom is open daily and allows you to see the furniture before making a decision to place an order.

Enjoy this catalogue as a sampling of what we make and check periodically on our website for the custom pieces and new standard items which we revamp continually. We look forward to your visit.

French Style TV Console

With the increase in popularity of larger television screens and home entertainment systems, we offer a number of models to house these items. Whether you prefer shelves, doors or drawers - we can oblige and make a unit to compliment any decor.

Dining Room Furniture

When we do have time to sit down, we all appreciate a comfortable place to do it. We make chairs that are very straight backed and some which lean back more. Some with curved backs and some with bent slats. We actually have four different slat contours to fit what people expect in comfort.

In our showroom we encourage you to try as many styles that suit your taste as possible. It is important to pick a style that not only suits you the best but, is comfortable for an extended stay by your guests.

Legged Tables

Some styles as our Harvest simply can't be put on a pedestal and we always try to match the table leg design with the chair legs. We also offer the tapered leg of the contemporary and the more formal curved leg style. Since we do offer open stock on our furniture, you have the freedom to create your own set.

Dining Room Cabinets

For displaying collections and treasures of all sorts, we manufacture Curio Cabinets which have glass shelves, mirror backing and interior lights. Also for entertaining we now make a Bar Cabinet which has a row of drawers in the middle (the lowest one can accommodate bottles in the upright position) and each end section has interior lights, glass shelves and solid tongue and groove backing. Our server with drop leaves is another versatile piece which comes with castors.

Warranty

All of our furniture is fully guaranteed for one year from the original date of delivery against any defect in material or workmanship. We will repair or replace (our option) any part that falls under the guarantee. For larger items (which cannot be brought in with your vehicle) this includes pick-up and delivery within our delivery area. For items covered by this guarantee, there will be no charge for parts, material or labour. Accidental damage or misuse is not covered.

We will repair any furniture older than one year for a fee. We will provide you with a quote first.

When placing an order we request 20% deposit. The balance is payable on delivery. We accept cash, cheque, Interac, Visa or Mastercard.

Care Instructions

Protect your investment! Sunlight's ultraviolet rays can damage wood finishes. Arrange furniture out of direct sunlight. Use sun screening drapes or blinds.

If a spill occurs, blot out with a paper towel or soft cloth and avoid rubbing the surface. Use coasters. Use protective pads or trivets under hot dishes or pots. Extreme changes in humidity can cause warping or splitting. Keep temperature and humidity as constant as possible. It also keeps you healthy!

We do not suggest that you use aerosol furniture polishes as most of them contain silicone. Murphys Oil Soap or Plush can be used once every second month on pieces which get frequent use.

We are always looking at ways to improve our product line. This results in some models being changed or discontinued to make way for improved versions. With this in mind, prices, descriptions and measurements may change from those in this catalogue.
